**Learning Experience: Location, Location, Location: Where I live**

<p><b>Knowledge Challenge</b></p> <p>Read about the United Kingdom and our Home Countries. Name the 4 countries in the UK. Name the 4 countries in the world. On a map, the 4 Home Countries. Name their capital cities. Draw a map of the county you live in. This is in the south of England.</p>	<p><b>Week 2 - My Local Area</b>  <b>Signs of Spring and the Weather</b></p>		
<p>On Monday make a weather chart so you can record what the weather is like on each day this week. The chart can be in any style you like but I shall upload some example ones in google classroom to give you some inspiration.</p> <p>Ensure you have separate columns for morning, afternoon and evening. Are you going to draw a picture to record the weather and create a key? Or you could describe it in words instead. Consider not only the sunshine but also the temperature, wind and types of cloud you can see.</p>	<p><b>Spring</b> - Go for your daily walk with an adult. Focus on the signs that you see that show us we are in the Spring season. Use your senses to really appreciate your surroundings.</p> <p>What evidence is there that we are in the season of Spring? Make a list and if possible take photographs of what you see, also record how you feel.</p> <p>When you get home, create a poster or mind map about Spring - remember to include pictures and sentences to describe what you saw on your walk and how it made you feel.</p>	<p><b>Extra challenge 1:</b>          Make something to help you monitor the weather outside:</p> <p>You could make a rain gauge out of an empty plastic bottle, this bbc clip will show you how:  <a href="https://www.youtube.com/watch?v=BdeKdT0nwow">https://www.youtube.com/watch?v=BdeKdT0nwow</a></p> <p>Or make a wind vane:  <a href="https://www.youtube.com/watch?v=9IoYzv8mz5s">https://www.youtube.com/watch?v=9IoYzv8mz5s</a></p>	<p><b>Extra challenge 2:</b>          Use your information from the weather chart so you can see the weather has been different this week and then try and predict the weather might be like over the weekend.</p> <p>Use your map of the Home Countries and draw the symbols and ideas for the weather. Present it to me and help you.</p> <p>After you have rehearsed it in front of me and your family it, it would be great if you could get someone to help you. Then send it to us. Good Luck!</p>
