

Welcome to Red Pod

Well, what a busy week Red Pod have had. It has been great having some of you back together, although things are a little different!

In school we now have to wash our hands a lot and not once have any of you complained. Mrs O'Sullivan and Mrs Collard are doing lots of cleaning, but once again all you have been is helpful and understanding. You have adjusted to the new layout of our classroom brilliantly and, as always, I am very proud of the way you have come back to school.

In Red Pod we have been doing lots of creative activities this week. We have had fun with bubbles. Darcy blew some amazingly large ones! We have had PE with Mr Zaki - Adam and Lennie really enjoyed the gymnastics and Lacie enjoyed the throwing activities. I even think Mr Zaki really enjoyed himself too!

We have done tie dyeing and created some lovely patterns in our material. Darcy made circles and Laycie-Rae and Adam created lines. We put our white material in a magic potion, and it came out blue!

We have made Pentecost windmills and dream catchers. We have created lots of magical potions. In fact, we spent a lot of time making potions and it was definitely our favourite activity of the week!

These are just some of the lovely things that we have been doing.

See you next week Red Pod!

Mrs O'Sullivan
